

CHEVRON PLUS®

CHEVRON PLUS[®]

A traditional design of zigzags in a strip layout, which has never been explored in veneer panels, Turakhia Natural Veneers are excited to introduce the chevron plus pattern. This design gives a stylish look of folding surface which has a tighter pattern of zigzags strips, unlike our chevron pattern which has wider similar pattern. This is again a three dimensional design which breaks the monotony of straight patterns of veneers.
